Laura White and Tom Morris
Tora Energy Alternatives:

Laura and Tom:

Thank you for introducing your fuel consumption product to us. We have tried it in one of our vehicles (2007 Pontiac Torrent) and after 5 fuel ups, we have noticed over a 20% decrease in fuel consumption. I expect that this is even get better over the next few fill ups. The investment into your product will quickly pay for itself as the price of fuel keeps on increasing.
